A11Y-1
A11Y
Visual Accessibility and Alternative Descriptions
All imagery must include descriptive, purposeful alt text for assistive screen readers. Ensure all foreground text against background colors satisfies minimum WCAG AA contrast ratio of at least 4.5:1.
A11Y-2
A11Y
Structural Accessibility and Meaningful Links
Maintain hierarchical heading order without skipping levels (e.g. h1 followed directly by h3). Links must provide descriptive context; never use ambiguous phrases like "click here" or "read more".
CLAIM-1
CLAIM
Superlatives & Unsubstantiated Claims
Absolute superlatives such as "#1", "number one", "guaranteed", "risk-free", or "best-in-class" are strictly prohibited unless linked to an active, validated Approved Source. Where unverified, substitute with measured qualifiers such as "leading" or "designed to".
CLAIM-2
CLAIM
Numeric and Performance Data Verification
Every numeric percentage, technical specification, and dollar amount quoted in content must be documented verbatim in an active Approved Source. Unverified figures create regulatory liability.
TERM-1
TERM
Approved Terminology & Prohibited Expressions
Refer to our brand as Northwind Home, never abbreviated as Northwind or NW Home. Use smart
TERM-2
TERM
Brand Capitalization & Orthography
Ensure strict capitalization for trademarked product terms such as EcoMode and Northwind Bridge.

CORE BRANDGUARD PRINCIPLES
1. Explain, Never Reject: 100% of findings include plain-language rationale and citations.
2. Human Authority: All corrections are proposals requiring explicit human Accept / Edit / Reject.
3. Evidence-Linked: Citations link directly to verified Brand Guidelines or Approved Fact Sources.
4. Server-Authoritative RBAC: Permission enforcement executes strictly in API route handlers.
